I love you Sis and I already miss you so much!

I'll always love you even though you're not here
Your lovely smile and bright eyes
will light my thoughts through the years
I'll always have my memories
of joys that we did share
along with sad and happy times
and tears we did not spare
A laugh, a hug, a touch so gentle
a gift, you gave me, far beyond a metal
I love you sister, you know I do
I already know that you loved me too
And though we part in this current life
We'll join again in the afterlife!

- by Lynne (your youngest sister)

May you and Jim rest in peace with our mother!
