Warren St. Onge

DECEMBER 19, 2014

Our loving husband and father was taken far too early from us, at the age of 59 years, on Friday, December 19, 2014. Born April 11, 1955, in Estevan, SK, Warren grew up in Torquay, SK, before moving to Regina with his family in his late teens. He spent the remainder of his life in Regina where he was actively involved in the music and film industries. Warren was also very passionate about golf and truly enjoyed spending time with his brothers and friends on the golf course. He loved watching hockey with Louise and cheering for “his Habs”.

Warren was predeceased by his mother, Margaret. He is survived by his loving wife of 37 years, Louise (nee Plosker); daughter Erin (Curtis Larson); sons Daniel (Justine Martin) and Thomas (Alyshia Chobot); father Ron; brothers Rick (Donna), Marvin and Mark (Terri); sisters Brenda Ott (Mo) and Joan Donaldson (Mike); as well as his brothers and sisters-in-law and numerous nieces and nephews. There will be no funeral service; Warren’s family will have a private celebration of his life.

We would like to give a special thanks to Warren’s nurse, Jennifer, at the Allan Blair Cancer Centre, as well as the team of caregivers at Grace Hospice who were so gentle and kind to Warren during his final days. Donations in memory of Warren may be made to the Allan Blair Cancer Centre (http://www.saskcancer.ca/), or the Regina Wascana Grace Hospice (http://www.williamboothregina.ca/donations.htm).

So sorry for your loss. Warren was a class guy with the most amazing ability to create quality sound. One of a very few people who I truly trusted his opinion. Our times at St. Johns Music were a laugh a minute with a great group of guys.

This is sad news. Warren probably didn't know it, but he played a big part in my early life and helped to influence me musically; something I am ever grateful for. I can truly say that my life was made better having know Warren.

Two quick memories:
1.) Warren engineering my audition tape to McGill University late at night after a long day of work
2.) Having a chicken ball fight (yes, chicen ball) in the snow on the roof (yes, the roof) of the Landmark hotel

Thanks Warren....

Remembering Warren & his love for sports. Watched the young St.Onge boys playing whatever whenever in a "green space" just between our place and theirs. Also, often we'd watch for the credits after a TV production when we realized that Warren worked for the media.
Our sincere sympathy,
Lawrence & Janet Ehrmantraut

Dear Louise and Family,

I was so very saddened to hear of Warren's passing. He was such a calm, patient person in the studio, always with that sweet little smile... I am proud to say that he was the recording engineer for my first two solo albums and working with him was a dream!

I hope through time, that your grief can fade and be replaced with rich memories of this wonderful man.

With love and sympathy to all of you,

Roberta Nichol

Louise and family: Very sorry for your loss. Warren was a great guy. First met him when we used to do one-nighters and rented vehicles from Penny's. Later had the privilege of working with him in the studio and audio-post in the film industry. He will be missed by many. My condolences.

Please know that I share in the sadness & loss of your dear Husband & Father. I will forever cherish the memories of watching Warren grow up, seeing him almost on a daily basis for the first 10 years of his life. He was probably one of the few people who was passionate about his work. His quiet, sincere nature will be greatly missed.

Dearest St. Onge family,

I met our Warren when he was doing sound for a CBC show called InSecurity. It was the first show on national TV that I had been cast as a lead in and I was incredibly nervous and excited. As soon as we arrived on set in Saskatchewan, I felt like we were home. The crew was such a welcoming sincere fun group of people and it felt like we were all at camp together. Every day we would show up and report in to Warren's landing pad of sound and he would be there with his serene presence and warm smile. He was patient, sweet and a wonderful fellow. I know he spent a lot of time listening to our ridiculous antics on set and probably many more ridiculous stories off set. I'm sure many days we gave him an earful! Yet there he was day in day out on his peaceful lily pad of sound. We will miss him dearly and send you and your whole family healing sound waves and love.

Thank you for your impact on our lives, Warren. We miss you.

— Grace Lynn Kung

Although it's been many years, it was an honour and a pleasure to know and work with him.

I am sorry for your loss. Warren was many things to many people. His calm demeanor always brought out the best in everyone. I first met Warren when he worked at St Johns. I had the honor of recording 5 compact discs with his superior engineer skills. Such a talent.

To Louise and Family. I'm so sorry to hear of Warren's passing. Couldn't believe it when I first heard it. Don't know what to say. Warren was great to be around. I hadn't seen him in a while, but it was always fun when I did. I'll miss him. Once again, I'm so sorry for your loss.

Our sympathies go out to Warren's family and in particular his dad Ron. We just found out he was sick and he is so soon gone (same age as Arlene was...Mike's mother). I pray that God takes away your heartache and heals the pain your family is experiencing now.

Warren touched a lot of people so what can I say that hasn't already been said? I first came to know Warren professionally through his work at Inner City Sound, later at Talking Dog. He taught me how to use ProTools (and subsequently hired me to edit dialogue). I still use ProTools in my job at Rawlco radio to this day), he taught me about sound recording, both in-studio with bands and on film set locations. He taught me a lot about golf, a passion we both shared ... but none of that is as precious as the fact that he taught me how to be a decent human being and a good friend ... how to support someone without being judgmental but at the same time, to say what needs to be said. He wasn't more than about 5'6" but I always, always looked up to him. There will be a void in my life, and the lives of many others. I love you brother.

— Larry McCormick

Dear Louise and Family, my heart and prayers go out to you all. May you cherish and hold onto the precious memories, love and laughter you shared. Love Jo-Ann

Dear Louise,
My heart aches for you with the loss of your husband. My sincere sympathy to you and your family during this sad time.

— Collette Robertson

My heart goes out to Louise and family. I was so close to Warren; friends since about 1974. He was a mentor, and always brought out the best in me in the studio. I was glad I could spend some quality time on the lake with him, and in your home, shortly before his passing.

I will always remember and love you, my brother.
