Bob. We both miss Marilyn very much and are so sorry for your loss. Marilyn had a very tough go these past few years, and never lost her optimism. She was an example to us all. You have been a great champion and protector for her. We are glad she is not in pain any more. You will have many great memories of good times to keep her in your heart, and we also have many wonderful memories of our long friendship with you both . We are sure she is watching over you too. We will help you through this time in any and every way we can,

My heart hurts for you, Bob, and to all who were close to Marilyn. My words can't help right now, but they send my deep sympathies to you and how I wish I could do more. As you have told me, and others in the past, be gentle with yourself. Many good people are wishing they could do more for you. I have no god to turn you towards but I wish you blessings and healing.

I was very saddened to hear of the passing of Marilyn.
Many years ago we were colleagues at Marion Carson School.
Marilyn was very knowledgeable when dealing with the children and their various problems. She was always very positive with a pleasant temperament which endeared her to everyone of the children with whom she worked!
She was most proud of Bob’s poetry and writing! All of which was beautiful to read! With deepest sympathy to you Bob! Jan Kostyniuk
