Messages of Condolence

To Terri’s friends and family, we are so incredibly sorry for this massive loss. Although I had just met Terri, she forever changed the lives of my family by bringing our sweet puppy home to us just before she passed away. She was such a sweet person; one of the kindest I’ve ever met. She will surely be missed by everyone she has touched. This just doesn’t even seem like it can be real :(

I'm sorry sorry for what has happened. Terri was one of those people who always made you feel happy and appreciated. She was such a positive energy and made me smile. She loved you all so much and was always sharing stories about you. She was excited when she was about to do something that she knew would make you guys happy. She had a zest and appreciation for life that you only see in a few people. I can still hear her humming as she worked. She will be greatly missed at the hospital by not only the staff but the patients as well.
