Steve, Lisa and families - your Mom was one of a kind and her love for her family shone through so brightly! I'll always remember the 'momma bear' coming out when "Our Boys" and their class needed protecting from an abusive teacher... she led that fight all the way to the school board and heaven forbid you got in her way! It was a serious matter but we shared quite a few giggles during this campaign - she was a hoot! Many hugs to you guys and I'll definitely be there to honour her!

— Nadine Baker

I am very sorry for your loss. I hope your cherished memories ease the pain of loss.

— Rosa Smith

Diana was just one of those special people. I knew her for about 20 yrs. We met because of the dogs in our lives. I spent many Saturday nights popping in for a wonderful chat and a few glasses of wine. You could always depend on a great conversation and discussion, Sometimes we would differ on things but we always laughed and enjoyed spending the time we had together, You could rely on her for anything, She was so willing to help me and anybody else who needed help. She was a true friend . I will miss her so much. Sympathies to the family and friends of this wonderful lady..... You make sure Kicker isn't giving you too many kisses.. lol

Beautiful soul taken to soon

She was my mother in Canada. I spent a lot of time with her and her lovely family from 2006 to 2009. She invited me to her Christmas parties every year at her house, read books beside kitchen to help me learn my secound language, made cabbage rolls...when I stole porched eggs with Steve, I heard her shouting "Enough!" to her dogs. My wife and I had our wedding party at her house in 2012. Those things are more than precious memories. She is always in my mind and I am going to build a warm home with my wife Sawami and our kids, just like her wonderful family. Thanks a lot to my Canadian Mom.

A beautiful gentle soul gone too soon. RIP my dear friend.

— Claudette Chase

She was a first cousin to me, her Dad and my Dad were brothers. My Dad being the oldest, and I as I grew up spent numerous hours with her and my Uncle and Aunt. She was always a person with a heart of gold, warm and loving, and gave alot of herself. She had a bubbly personality. She was taken too young but she is at peace and with the angels and will be remembered as long as I live. My prayers and thoughts to her children and grand children whom she loved dearly.

This was my Nana. She meant absolutely everything to me. I know this is a late response but I was too young to write one when she past away. Nana I'm 15 now. I am in Grade 10. I really miss you still. I know you will be in my heart forever, but it's just so hard to forget you. I miss you so much. My grade 8 grad was missing something. And it was her. She was in my heart but not visually there. How much I miss you hurts me every single day. I talk to all of my friends about you. There is so much I could tell you about that I will tell you later. I love you so much and I miss you.
