

Gary Wanstall

APRIL 5, 2024

Please leave words of love and support for the family.

Messages of Condolence

Thank you for your priceless contributions to rock and roll. You are already sorely missed.

— **Linzy**

Knew Rocket from the 'Seeds of Time' days when I would do shows with them . . . then many of his other groups including the Rocket Norton band and of course Prism. Did over 60 shows as a promoter with Rocket and became close friends through all the years. He accomplished more in his shortened lifetime than anybody i knew personally. Sincerest condolences to his wife 'B' and his family. Miss him terribly. As the Righteous Brothers sang 'If there is a Rock n' Roll Heaven', Rocket will be on stage behind the kit.

So sorry to hear ! Since condolences to the family !! Gary (Rocket) was a client of mine during his concert promotion days and was a fantastic guy to deal with ! We would do some business then spend hours talking baseball ! Great guy !

— **Brad McDonald**

I didn't know Gary but I found out through my sister (Dana Slater daughter of John Slater) that Gary was my dad John Slater's cousin. I cam into the family years later because I found my dad.

Anyway, Gary's death still had a profound impact on me. I found myself trying to get to know him through reading about him and some interviews he was kind enough to give. He sounded like a selfless and giving man who helped others and never stopped giving...even when he was sick. I feel sad for his wife, son and grandchildren even though I've never met them or Gary.

It's strange...even someone you've never met such as a distance family member, still has an impact on your life.

My deepest condolences to everyone Gary has touched.

Brenda, I am so sorry for your loss. My heart is with you at this time.

— **Jacquie Sinclair**

I'm sorry to hear. I'm sure you inspired him to excel over the years.
