— **Brian Roberts**

Our sincere condolences to Bob and all Alice's family at this difficult time. May you have lots of treasured memories to keep close to you as eternal gifts that stay. Memories for me are of all the time Alice spent collecting the history of the community and putting together into a book. At this sad time may you find strength together and grow closer through the days.

Sincerely

Anne Bohannon and Palmer Schuetzle

Our deepest sympathies go out to the family! She was a wonderful person!

— **Norris Ann Norma Grace**

Our condolences to you all.

Alice will be remembered fondly by myself, Doug, and Connie. I remember the many trips that Mom, Dad, and I took with Bobby and Alice ... through the Western US, Hawaii, and BC. I remember her helping me find the right clothes in her tickle trunk for my school play and she always had such a unique variety of Halloween costumes ... still smile at the Planet of the Apes costumes. Oh, and not to mention the story in Under the Chinook Arch about Dad and I pretending we weren't home when the minister came to visit ... and Mom coming home before he had a chance to leave the yard, with Dad and I sitting quietly in the house :)

She is in good company up there with Mom and Dad (Sammie and Jack Borton). I know they will be fondly reminiscing and watching over us all.
