My Dearest friend....

It is hard to believe that you are no longer physically here with us. I will miss the hallway greets and the ever so often hug. My friend you will truly be missed by all in Alberta Health Services.

As I have read in a comment from up above. Heaven has truly gained another ANGEL.

May you rest in peace and be sure to keep the silliness up in the clouds above us.

— **David Doucet**

Lyle you will be missed. I remember fondly when we would go out dancing. You were a great friend to me. You are free now to fly on your own, I know you will be welcomed upstairs with opened arms.

— **cheryl Zittlau**

I just found out about Lyle's passing and I'm saddened the world and the health care industry have lost this incredible man. I miss my time working with him at Rockyview and they will always be a treasured memory. The last time I saw him were in the halls of Rockyview and nothing had changed, he was still an amazing man and a good friend. I learned he was looking after my mom, who can be a little difficult to say the least, and they got along wonderfully. In fact, everyone got along with him that I knew. You will be missed my friend.

— **Chris Davies**

I have worked with Lyle for many years Lyle was one of the kindest souls one would ever meet, he spent his life caring for others he will be sadly missed, here's hoping he finds his mother who was his heart.

— **Elsa Gallant**

Lyle I am truly sorry that I couldn't make it to your memorial, but my thoughts and prayers are with you. You left us far too soon. You may be gone but you will never be forgotten. I will always remember you as my Childhood Sweetheart. I know that you're in a far better place now, and hopefully no more suffering. I am really going to miss our chats online, or just going to your Timeline to see what you had posted, or what was new in your life. You put a smile on my face and brightened my day more than you'll ever know. I love you my Darling Friend and I always will. May you finally be at peace with yourself, and may you Rest In Peace. Look down on me from time to time my Love. With Lots of Love, Hugs and Kisses. xXx-oOo. Darby.

— **Darlene Vasseur (McAlister)**
