I'm not good with words but...Kristin was inspiring for her strength, courage and love of life she showed in her fight!!!

Touched so many people and gone way before her time. Heaven truly received an Angel!!!

I hope she's dancing with the other angels and singing in their choir and giving an embrace to those who we wish we could!!!

Cheers!!!

She was a force, and will be missed by all.

I will always remember my times with her with fondness. My favorite memory is of going to the Brad Paisley concert with her and having the time of my life! What a girl!

Words can not express the pain I feel on a daily basis. Donna, Brice and the whole Wood/Schneider family I am so very sorry for your loss. Kristin and I were best friends for over 15 years and part of my life for over 22 years. When I found about her illness I was devastated but had hopes she could fight as she was a tough and stubborn girl. She would never let anything get in her way but for some reason this did and it's not fair. She's no longer suffering and she can be with Bruce now as he meant the world to her. My daughter Taylor was born on Kristin's birthday and she told me last year that was the best gift she's ever gotten. I'll be sure to tell Taylor how special her Auntie was to me everyday and we can celebrate her life together every year on their birthday. Kristin you are in my thoughts and dreams everyday. I will forever miss you. I love you to the moon and back.

— **Corina German**

My thoughts and prayers are with you Donna. It is times like this I wish I lived closer so I could give you a big hug.
